Programme With Jo Warwick

What Is FLOW?

The fact is MONEY & Abundance come from FLOW! Success comes from FLOW! Love & Wellbeing comes from FLOW (because it is FLOW). The FLOW of abundance, creative energy & Love, is NOT just outside of ourselves, but within and without and it must flow everywhere freely. **Watch this quick video on [What Is Flow!](#)**

Think of it like Electricity! Electricity flows around us everywhere in cables, in the air and within our houses and used by appliances, but it is also the energy of being Human! Now imagine, if you turned down the flow of electric in your house to a small amount, like using a dimmer switch!

Outside there is still an abundance of overflowing, never ending electricity available for you to receive and yet you are only receiving a small amount in your home, because you have turned down the receptor. So your job is turn up the dial, open the valves and allow FLOW to become more fluid and present in your mind, body and energy field, so we become more buoyant, full, magnetic and radiant - and open to receiving with Faith, what you need and desire to survive and thrive!

How I've Manifested With F.L.O.W & The Law Of Attraction

For 30+ years I've been Mastering the power of Divine FLOW & LOA to manifest Abundance in every area of my life & to overcome daily challenges & hurdles. As well as my early Olympic journey, I've built 4x successful business using my skills & supported other boutique & million pounds businesses & I've published 3x books. I lived in a beachside apartment with ocean views, bought cute country cottages & city apartments, I travel regularly & adore my car. I've lived in dream locations in the UK & abroad. What Others Have To Say...

Having hated and avoided touching my body for so long, with Jo's help, I'm now showing myself daily love and care. I adore my curves and softness and I love moving my body. I wish that I had reached out to Jo sooner!

A Woman Who Doesn't Receive Enough...

A woman who is blocking the FLOW of RECEIVING becomes constricted, anxious, distrusting, depressed, exhausted, stressed out and needy!

It affects her health, the way she looks and behaves, how she treats others and turns off her ability to have pleasure, great sex and her innate sensuality! Destroying trust in her inner wisdom and spiritual guidance as she tries to navigate relationships and her life!

This woman becomes UNATTRACTIVE to life! Simply because she has LOST her natural magnetic manifesting magic! She is depleted like a flaccid balloon!

Giving to others with over-generosity until she is dried up and depleted -- whilst NOT giving to herself with the same level of generosity, and blocking herself from receiving abundantly. ****And if this was a business it would be broke and go bust!***

It's painful and frustrating but can be so quick and easily resolved by [4 simple steps to TAP into the FLOW and replenish and then increase the amount of FLOW force](#) and so she takes up space, vitality, love and power for herself once more – like a Goddess and take charge of her life & desires.

You Are The Key To Abundant Flow!

It's time to throw away the shackles of having to be TOUGH, strong, struggling, and over-giving & over working in your life! That well-worn old path is of fear, repression and scarcity, and leads to disappointment, a lack of abundance in your life, and unhealthy, depleting relationships.

That is not the way of F.L.O.W and magnetically working in harmony with the Universe to support you!

The FACT is we are in a relationship with every aspect of our life, from the most intimate LOVERS & Partners to Family & Friends, or Career & Money.

And we are always the COMMON DENOMINATOR and energetic powerhouse at the centre. A vibrating beacon that sets the tone of how we are treated, and what we receive and give in the flow of LOVE & Abundance with the Universe!

Through my F.L.O.W System I will guide you to not only remember who you really are but to EMBODY and live it fully as -- A FLOW GODDESS and watch your life transform, upgrade and radically improve with rich love and wealthy relationships!

What Others Have To Say...

I am celebrating meeting you Jo and going through your empowerment programmes, as they have helped to create a massive shift in me. I finally see and feel who I am again. The Creatress. The full of life woman I was born to be...

Jo, I'm loving being able to create my destiny not just be a victim to it. I have so much I am easily attracting right now - new clients, money for my new car, travel and so much more...thank you!

- Jane
